## **The Programme**

Welcome to the programme for Walk Scilly 2019. This spring-time festival is now very well established in our annual calendar of events and festivals on the Isles of Scilly. We hope you feel inspired by the programme to come and visit our very special islands at this wonderful “awakening” time of year.

This 10-day festival features 40 walks and boat trips across nine islands; the five inhabited islands and four of the uninhabited ones – Samson, St. Helen’s, Tean and Nornour. All are led by the very best of expert guides and local islanders to really bring the treasures and hidden gems of Scilly to life.

The walks are graded for all abilities – some full-day energetic coast to coast hikes; others gentle strolls to ease your way into Scillonian life and island culture. Some focus on wildlife, some look at the islands’ rich cultural and maritime history. Others are simply just great walks. All of them enable you to ask the guides about what it’s like to live on this tiny archipelago out in the Atlantic Ocean.

For those wishing to join the dark skies walks, you’ll be one of the first to experience the new observatory on St. Martin’s. We’re also hosting a special walk to Shipman Head on Bryher to hear about Scilly’s amazing Seabird Heritage. For those looking for hardy walks, they’ll be two pacey circumnavigation walks - around St. Mary’s and St. Martin’s.

Tresco Abbey Garden once again will host keen garden walkers looking to quiz those who toil the soil and nurture some of the 20,000 species on display. There’s a walk on St. Agnes that’ll heighten the aural senses, and a Sunday morning children’s Easter walk, egg hunt and picnic, and you’ll get the opportunity to head off on a night walk and turn bat detective.

All this, plus the usual lovely island Top to Toes, and walks that celebrate our islands’ cultural heritage and wildlife, including uninhabited island adventures, coastline foraging on Bryher and Tresco, a historic Hugh Town stroll, beachcombing for treasures and farm walks.

There is also an evening programme including a welcome party at On the Quay, acoustic folk nights at the Atlantic, a film night, island presentations about Scilly’s archaeology and wildlife, and a

fantastic strings and woodwind recital in the candlelit Old Town Church. Additionally, the Isles of Scilly Museum is offering discounted entry to all Walk Scilly goers throughout the entire festival.

Please note, our walks are graded easy, moderate and hard: at the end of this programme, these grades are explained in more details. You should note that the Isles of Scilly are low lying islands with no steep ascents or descents. However, there are beach landings, uneven woodland walks and some tricky coastal paths with slippery rocks on some of the walks. We recommend sensible footwear for all walks. No flip-flops!

Please browse the programme and come and join us for a fantastic festival on Scilly, hopefully full of spring sunshine!

To book your walks, call us on 01720 620601 or email [events@visitislesofscilly.com](mailto:events@visitislesofscilly.com) and we will call you back. Payment for all walks will be taken at the time of booking.

## WALKING GRADES:

### EASY

- Easy stroll on road and path, generally level walking, no hills. Suitable for all ages and abilities, including children (Smaller children in pushchairs will not be charged.)

### MODERATE

- Fairly easy walk on paths but some will be uneven and narrow. There will also be some inclines; or some walking on beaches. May be suitable the children. Please see individual walk recommendations or enquire at the time of booking.

### HARD

- Fairly strenuous, several inclines/some hills and uneven, narrow paths (or when there is a beach landing off a boat); walking at a slightly faster pace. We recommend that children do not go on these walks, unless they are fit and keen! As such, some hard walks do not offer children's prices.

We estimate that most of the all-day walks (roughly 10.30am – 4.30pm with a lunch stop) are probably in the region of 5 or 6 miles. Half-day walks will be around 2.5 – 3 miles. The longest walk is the St. Mary's Hike – about 9-10 miles and this will be a walked at a reasonably fast pace. Tresco Top to Toe will also be slightly more strenuous. All the walks are guided, so you will be stopping at vantage points and places of interest. ## **BIRDS ON SCILLY – BREEDING SEASON**

### **A word from the Isles of Scilly Wildlife Trust:**

Scilly is regionally, nationally and in some cases internationally important for breeding sea and coastal birds; from Manx shearwater to Storm petrel, Puffin to the Lesser black-backed gull; many return to their breeding grounds on our Islands year after year. As a result of this, and to give our sea and coastal birds the best possible chance of rearing young, a number of our uninhabited Islands are closed all year around and others, both uninhabited and inhabited, have areas of restricted access during breeding season (between April and September). Please respect these restrictions, and if you are walking a dog near these areas please ensure that you keep it under control. For more details (including a map & signs to look out for) please refer to the “Birds of Scilly” leaflet which is included in your Welcome to Walk Scilly pack.

(Please note, the price of the walks quoted does not include the cost of boat tickets)
